

This Embrace Series, Wall-Mounted Computer Workstation with Medication Storage merges functionality with modernity.

## EXT-28-MED

The sleek contemporary design combined with a long list of practical features allows caregivers to provide quick, efficient and confidential care to every patient that walks through the door. With a workstation that can put all the tools into one compact unit, caregivers can focus on creating face-to-face interactions that will have patients leaving happy, fulfilled and most importantly, cared for.

EXT-28-MED

## EXT-28-MED Articulating Monitor Arm

This unit comes equipped with an articulating monitor arm that supports up to 50 lbs, and allows the user to pull the monitor up to 11" from the back of the cabinet and offers a 10° tilt to minimize glare. With the articulating monitor arm, the user can view the patient and the information on the screen simultaneously using the monitor arm's 180° rotation.

## Three Compartment Design

This unit's attractive three compartment contemporary design with sleek rounded metal edging is ideal for facilities looking for a functional, more modern looking cabinet.

## Sleek & Secure

The upper lockable compartment stores and protects the CPU, cables and power supply securely. The center compartment also offers secure storage of medication or supplies and comes standard with an Electronic Keypad Locking System, allowing for programmable, secure and convenient accessibility.

## Unit Ventilation

Enhanced ventilation provides continuous airflow to protect equipment in the CPU compartment from overheating.

## Recessed Storage

Recessed storage in the main cabinet area allows for additional storage of accessories like scanners and small label printers.

## Unique Keyboard & Mouse Storage

Proximity's cabinets feature unique keyboard and mouse storage that allows the accessories to dock automatically when the workstation is closed by the user.

## Built to Last

The Embrace Series Wall-Mounted Computer Workstations feature work surfaces designed to hold up to 400 lbs. of weight, so even when the workload gets heavy, the workstation remains unscathed.
